# WARRENTON

ASEBALL TEAM IN POOR FINAN-CIAL CONDITION - WARRENTON CLAM DIGGERS ARE HAVING A GOOD SEASON-PERSONALS, ETC.

WARRENTON, Or., May 29.—The Warrenton baseball club is in a straightened financial condition. This is caused through the necessary heavy expendi-ture they have had to incur to fulfill their engagements and the very poor support they receive from the public. They are not able to procure enclosed grounds and therefore everyone can see the games free of charge, a collection is taken up among the spectators to raise omney to defray expenses. The game with the Devoe nine played in Warrenton, cost the local club \$25 towards this amount those who witnessed the game contributed in all \$4.50. It is to be hoped that better support will be given at the future games, for the team is doing excellent work and thoroughly deserve the cash backing requisite to continue through the season's scheduled games. Next Sunday Cathlamet comes here to play our boys, a game under the auspices of the lower Columbia League.

The choir practice will be again taken up Thursday evening. All interested are invited to be present at Warren's Hall at 8:00 p. m.

Professor J. T. Lee was today deternined that some of the scholars who were playing "hookey" should attend school, for he left two of the eldest pupils in charge of the classes and went off in search of the absent boys. He returned shortly afterwards with the objects of his quest and endeavored to impress on the captured lads the folly of their act.

Thursday being Decoration Day, the postoffice will only be open for one hour for distribution of mail. The time being from 12 o'clock noon until 1 o'clock 

Mr. George Warren is having some mprovements done around the Warrenton Hotel property.

The clam diggers of this deighborhood are meeting with unusual success this season. Clams are found in abundance along the shore within easy access from town. Several diggers are engaged by the Warrenton Clam Canning Company, who use all their eatch. At present this firm's plant is being taxed to its utmost capacity to cope with the immense quantity of fish brought in. All the diggers are earning high wages and those employed in the cannery find this season a remunerative one.
